Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

<sup>&</sup>lt;sup>1</sup> Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

<sup>&</sup>lt;sup>2</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

<sup>&</sup>lt;sup>3</sup> Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found.

Complies	The Board undertakes continuing self-assessment of its collective performance, the performance of the Chair and of its committees. The assessment also considers the adequacy of access to information and the support provided by management. Any action plans are documented together with specific performance goals which are agreed for the coming year. The Chair undertakes assessments of the performance of individual directors by meeting privately with each director to discuss this assessment during each reporting period.

Complies	Senior Executives are subject to an annual performance evaluation. Each year, senior executives (including the CEO) establish a set of performance targets. These targets are aligned to the overall corporate strategy and strategic goals. In the case of the CEO, these targets are agreed between the CEO and the Remuneration Committee and approved by the full Board.

2.4	A majority of the board of a listed entity should be independent directors.	Complies	The Board is to be comprised of both executive and non-executive directors with a majority of non-executive directors. Non-executive directors bring a fresh perspective to the Board's consideration of strategic, risk and performance matters. In recognition of the importance of independent views and the Board's role in supervising the activities of management, the majority of the Board is independent of management and, all directors are required to exercise independent judgement and review and constructively challenge the performance of management.
2.5	The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.	Complies	The Chair is an independent non- executive director and the roles of Chairman and Chief Executive Officer are not exercised by the same individual.
2.6	A listed entity should have a program for inducting new directors and provide appropriate professional development opportunities for directors to develop and maintain the skills and knowledge needed to perform their role as directors effectively.	Complies	New directors undergo an induction process in which they are given a full briefing on the Company and the Company is committed to continuing development of its Directors and executives.  For details on the induction of new directors and the continuing development objectives of the Company, please refer to the Board Charter.

PRIN	PRINCIPLE 6 – RESPECT THE RIGHTS OF SECURITY HOLDERS					
6.1	A listed entity should provide information about itself and its governance to investors via its website.	Complies	All information pertaining to the Company can be located on the Company's website, including Director and Management biographies, overview of operations, as well as copies of all announcements, presentations and reports. The Company also has a website landing page entitled "Corporate Governance" where all relevant corporate governance information can be accessed.			
6.2	A listed entity should design and implement an investor relations program to facilitate effective two-way communication with investors.	Complies	The Board has established practices to facilitate effective communication with shareholders. The Chief Executive Officer and the Company Secretary oversee this process through the Company's website and investor updates. Regular briefings are held with professional investors. Prior to such briefings, any new information to be given is first released to the ASX.  All shareholders are notified in writing of general meetings and are strongly encouraged to attend and participate in the Annual General Meetings of the Company, to lodge questions to be answered by the Board and / or Chief Executive Officer and can appoint proxies.

7.4	A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks.	Complies	Any material exposure to economic risk is disclosed in the Annual Report of the Company.  The Company manages its exposure to economic risk by having a sound system of control and accountability systems to ensure the Company is progressing towards goals set by the board. These controls are reviewed annually with the input of the Company's auditors.
			The Audit and Risk Management Committee is responsible for reviewing at least annually the effectiveness of the Company's risk management and internal control systems and make relevant recommendations to the Board. In discharging its duties, the Committee has unrestricted access to all staff and to the Company's auditors, both internal and external, to seek information and explanations from them. The Committee proactively makes recommendations to the Board in relation to the outputs of the financial reporting and disclosure processes and with respect to risk management and internal control.
			The Board retains the overall Risk Management function. The Company does not have any material exposure to environmental or social sustainability risks and consequently currently has no formal policies in place to manage such risks.
			However, the Company will monitor exposure to such risks and implement

appropriate policies when required.
